## CONFERENCE CHOOSES DELEGATES TO THE GENERAL CONFERENCE

### Memorial Asking for Admission of Laymen to Church Courts --Children as Church Members

The Alberta Conference committee on church union submitted the following resolution on Saturday, which was passed by the conference:

"That having read the outline of the conditions of the proposed union of the Presbyterian, Congregational and Methodist churches, this conference without endorsing every detail of these conditions, desires to transmit to the General conference its conviction that a union on such conditions will conserve all that is essential to the mission of the greater advancement of the Kingdom of God, by thus joining hands with others engaged in like work."

G. W. KIRBY, Chairman,  
R. E. FINDLAY, Secretary.  
Following gave the ministerial delegates to the General Methodist Conference from Alberta Conference: Rev. G. W. Kirby, Pres., Rev. T. C. Buchanan, Rev. D. Ridell, Rev. J. M. Harrison, Rev. A. R. Aldridge.

Reserve delegates--Rev. C. H. Hughes, Rev. T. P. Perry.

The General Conference meets in St. James church, Montreal, in September next.

Laymen elected to attend the General Conference: W. G. Hunt, Calgary; J. F. Fowler, Wetaskiwin; P. E. Hutchart, Edmonton; A. F. Grady, Macleod; A. B. Cushing, Calgary.

Reserve delegates--H. C. Taylor, Edmonton; Jas. Speakman, Penhold.

The session was devoted this morning to the discussion of several memorials to the General Conference.

A memorial praying for admission of laymen to all the church courts on equal footing with ministers was referred back to the committee to expressively interpret the phrase "equal footing."

The memorial asking that baptized children of church members be officially recognized as church members was vigorously debated. The memorial finally passed in this form:

"That we memorialize the General Conference--

1. To amend section 76 of the Discipline (1902) by adding the words, "Moreover the names of all our children shall be placed upon a roll to be known as the roll of infant members, in order that they may be trained and instructed in the doctrines, privileges and duties of the Christian religion in accordance with the baptismal service and that the provisions following sections 77 and 78, it being understood that this roll shall be revised from year to year as the facts shall require."

"2. To amend first three lines of section 76 so that it shall read as far as practicable "It shall be the duty of the superintendent to form the children into catechumen classes."

Increased Pay for Ministers and Pro-bationers.

The Conference will memorialize the General Conference to increase the salaries of married ministers to not less

than \$350, single ordained ministers not less than \$250 and probationers not less than \$150.

The Conference decided against revising the Methodist Hymn Book and to add \$3000 to the parsonage fund raised by the Edmonton district to aid in erecting parsonages in new districts.

### WITNESSES FOR KENORA TRIAL.

Kenora, June 18.--Sergeant Egan, of the Royal Northwest Mounted Police, has arrived here from his trip to the Cat Lake reservation in the far north, bringing with him witnesses for the trial of the Indian now confined in the local goal on the charge of murdering his equine. He found that the witnesses could not be induced to leave their families, so he brought their wives and children, making a total of 23 in all. The Indians are now camped on the Rideau estate under the eye of the constable and seem to rather enjoy their new conditions. They do not know the taste of liquor and Constable Egan is taking particular care that they shall not develop the appetite while on this trip.

Reaching Lake Minnetakie, the Indians had their first experience of a steamboat. They had a great time figuring out what made the boat move and became greatly interested in the machinery. They were a long time figuring out how it moved without paddles.

The greatest climax of all previous experience came however, when they reached Limerick station. On the arrival of the train they one and all put for the bush not understanding the nature of the huge monster which seemed to be bearing down on them. Constable Egan had quite a time collecting his charges and putting them on the train.

At Limerick they also saw a cow for the first time. It was greatly different from any animal they were used to and they sized it up from every point of view.

### FIRE MEN WILL CONVENE

Brandon, Man., June 18.--A convention of representatives of all fire departments west of the Great Lakes and east of the mountains has been called to meet in Brandon on June 21st. The convention has been called by Chief Wiggall, of Brandon, and promises to be a great success as he has already received replies from a great many. Amongst those who have promised to be in attendance are the fire chiefs from Winnipeg, Kenora, Portage, Regina, Calgary, Edmonton, and many of the other towns in the three western provinces.

## NEWS FROM THE LANDING

### Brief Items From The Starting Point Of The Northern Waterway

Athabasca Landing, June 11. -- Miss Alvira McKernan, assistant post mistress and telegraph operator, who has been very ill, is now slowly convalescent.

Mrs. Hardisty and granddaughter of Edmonton, are the guests of Mrs. Hardisty's sister, Mrs. Leslie Wood.

Mr. Hillet received a shipment of trees, strawberry vines, etc., from the Clover Bar Nurseries, of which R. Eaton is the proprietor, and the plants are all doing fine, which augurs well for future sales from the home nursery.

Miss Johnson, of Cumberland, England, who arrived quite recently, is the guest of Mrs. Robertson.

The water in the river is somewhat higher, but not high enough to meet the requirements of an easy navigation.

Judging from the number of settlers passing this way, the interest in the Peace River country is not only unabated but increasing and people are showing an appreciation of the opportunities of getting cheap homes where there is a good soil, favorable climate and abundance of fish and game.

There will be a picnic in connection with the public school in the grove at the south of the village on June 23rd. Refreshments will be served.

Mrs. Livingstone, wife of Alex. Livingstone, C.E., at present surveying in the Peace River country, in a recent communication received from her husband, was informed that the party are making satisfactory progress.

Mrs. Livingstone and her daughter, Mrs. Clark, are guests at the hotel and by their uniform kindness and courtesy to all classes have brightened the lives of at least some of their less fortunate fellows here. Mr. Livingstone is a relative of David Livingstone, the one time African missionary and explorer.

## THE CIRCUS IS IN TOWN TO-DAY

### The Big Band Wagon and the Chalk Faced Clowns and the Daring Lady Bare-Back Rider--They Are All There.

The grand three-ringed circus and hippodrome; the trained elephants, the wise dogs and beautiful horses, the clever lady bareback rider, the breathless ariel artists, the hair raising trappe performers, the clever Japanese jugglers and acrobats and the never-falling slide--for--life--it's all there, just the same as it was twenty years ago, changing but unchanged, as old as our childhood's fanciful memory but as fascinating today as it was when mother used to whisper to you of strolling out by starlight to see the circus come in or possibly earn tickets by packing water to the elephants.

The whole thing is there; the big manager with the camera and copious and wide mouthed lions and the seals, and the wise old elephants, and all the rest of it, even the hot popcorn and the red lemonade.

And Althe parade, with the big band wagon, and the pretty little Shetlands, and the tinselled lady on the creamy horse, and the funny little team of llamas, the prize "rubberneck" of South America, and dozens and dozens of big red wagons, with brass and gilt and mirrors, and loads of clowns and Japs and Africans, and finally the big steam calliope (if you want to be right this time, pronounce it kallopie, making it end by instead of op.)

They are all there if you want to see them. Don't laugh at the man who goes to the circus; if you do the laugh is on you. And don't try to tell anybody that you go just to take the children. That gag is played out. Do the same as you have always done; ever since you could remember; go to the circus, see the whole thing and enjoy your self, keep away from the short change artist and the man with the little pea.

## MAIL CLERK IN TIGHT CORNER

### Young D'Amour, Of The C. & E. Run, Will Come Up For Re-Trial To-morrow

Young D'Amour, the mail clerk on the C. & E. whose case was once before investigated, and who was released and re-arrested, comes up for preliminary hearing again at 10 o'clock to-morrow morning and quite a list of Edmonton witnesses will be called to give evidence.

D'Amour's case has been a very interesting one and parts of it rather savor of the "old sleuth" methods. Two months ago the young man was holding a responsible position as mail clerk on the run between Calgary and Edmonton. Registered mail matter comes to go astray and D'Amour was suspected. The post office inspector looked into his case and decided on his arrest, and he was taken in charge at Red Deer and brought to Edmonton, where a preliminary trial was held.

Mass of evidence was put in, purporting to show that the letters went onto D'Amour's car and did not come off, but there was no evidence to show that he got the goods, and for lack of evidence his case was dismissed. D'Amour started out from Edmonton, went to Calgary and from there to Winnipeg. Unknown to him, of course, a police detective followed him all the way, and at Winnipeg laid hands on him again. This time they caught the young man with the goods. Wedged into the heel of his boot they found \$369, supposed to be the bulk of the stolen money. To Sergeant Wilson, who took him in charge, he related a story to the effect that some one on the run who had it in for him had put the money there to get him into penitentiary.

Although his friends tried to make arrangements to have his preliminary trial come off in Winnipeg, Sergeant Wilson brought D'Amour back to Edmonton and he has been locked up at the police barracks for three or four days past. Sergeant Wilson's evidence was taken Saturday and the evidence of the local post office people and of Tur, the mail clerk working opposite shift to D'Amour, on the C. & E., will be heard in the morning. This evidence has been heard once already, in the first preliminary, and the taking of it to-morrow will be largely the formal reiteration of the testimony.

### MAY ABOLISH THE DOUMA

London, June 16.--The St. Petersburg correspondent of the Daily Tribune telegraphs that it is learned on the best authority that the court has decided to close the Douma on June 23 and declare Grand Duke Nicholasvitch a military dictator.

### MORE DISTURBANCES

St. Petersburg, June 16.--Advises received today show that in addition to the disturbances at Bialystok there have been outrages in the Baltic provinces. The large Sommerfeldt mill and stores near Lalla have been burned.

### WORKING TOGETHER

Vegreville June 16.--Vegreville Board of Trade has thirteen members from the country districts. The town promises to be one of the best agricultural centres in central Alberta and the welding of urban with suburban interests will be forwarded by the help of the organization of the stronger town community and the town will hold the loyalty of the people of the district.

## JEWS IN RUSSIA APPEAL FOR AID

### Claim Recent Outbreaks Are Part of Plan For Wholesale Massacre

St. Petersburg, June 18.--The following appeal signed by Jewish members of the Douma has been sent to the principal capitals of the world: "The outbreak at Bielestok is clearly the beginning of an organized plan to massacre which will eclipse the records of the bloody days of October. Only energetic intervention on the part of the powers will prevent a most terrible catastrophe and the murder of hundreds of innocents. The peril is imminent and we appeal to all to use their influence to remedy present conditions."

### PLAN FOR LOANS

Washington, June 16.--W. J. Bennett of California addressed the House committee on appropriation today in favor of this proposition to allow secretary of treasury to deposit for five years with the national Bank of San Francisco \$1,000,000 to be used by them as a loan to the reconstruction committee which in turn will loan to home builders. The proposition has not met great favor and another hearing will be had to-morrow.

### WOMEN IN POLITICS

Northampton, June 16.--There were many violent scenes at a meeting held here on Friday night to celebrate the return to Parliament of seven Liberal members from the country. When Herbert Asquith, Chancellor of the Exchequer in Sir Henry Campbell-Bannerman's cabinet, rose to speak, woman suffragists in the audience hissed and howled, waving their banners and calling the chancellor a "traitor." When the men attempted to eject the women one of the latter raised a whip and cut and lashed wildly at the heads and shoulders of the crowd. A free fight followed in which many persons were seriously injured. But the arrival of the police quelled the disturbance.

## FAIR ENTRIES POURING IN

### All The Floor Space Taken In The Industrial Building And Exhibits Will Have To Be Placed Under Canvas

Unless all the signs and indications fall absolutely, this year's fair is going to be the greatest thing that ever happened in the west.

During the past week a flood of applications has been pouring in on the fair management for space, especially on the industrial floor until by Saturday night, every available inch in the main building was taken up and all later industrial exhibits will have to be placed under canvas. This is notwithstanding that the floor space in the main building has been almost doubled by moving the grain and grasses exhibit into the dining hall building.

The live stock entries have been pouring in in an avalanche for several days past, but the management is still able to handle everything in this line. Two hundred feet more of cattle sheds for the prize stock have been added and 200 feet of hog pens, and more will be added as fast as the entries indicate their necessity.

The time of the live stock parade has been set for the last day, Thursday, July 5th at 1 p.m. This is the big event of the fair and it promises to be the biggest live stock parade ever seen in Western Canada.

On the first day of the fair the C. P. R. will run a special excursion train of 12 or 15 cars from Red Deer to Edmonton, leaving Red Deer at 7.55 and arriving in Strathcona at 11.30. This will be in addition to the regular trains on the C. P.

This following is the time table of the special, coming and going:

Leaves Red Deer ..... 7.05  
Harris ..... 7.15  
Blackfield ..... 7.35  
Lacombe ..... 7.53

(Continued on page eight)

### WINNIPEG STABBING AFFRAY

Winnipeg, June 18.--Trouble over a woman at 127 Diarell street, caused a fight among Gaielines on Sunday afternoon in which a man named Gaskiel was badly stabbed. Malik Lashart of 104 Diarell, a friend of the fugitive Slobjan is charged with the murder and arrested.

### STEWART GOT TWENTY-ONE YEARS

Owen Sound, June 16.--Albert Stewart, twenty years of age, who was found guilty of shooting Jas. Morrison, a farmer of Sydenham township, with intent to kill was sentenced to a term of twenty-one years in Kingston penitentiary.

and then when you come home aware that you have seen nothing new and that you will never go again--and next year repeat the performance.

The circus is the great big farce comedy under canvas which plays only one night stands and shows only once a year, and there is something about it which gets close to the main spring of human nature and starts a flood of memories from out the shadowy past which are all green and sunny and glorious with the full laughing freedom of the boyish life. Don't be foolish and lose by staying away the pleasure that you could have by going to the circus. Take the old lady and the kids, or the young lady, as the case may be, and get a seat right in front of the big central ring, where you can forget for two hours that there ever was any such word as business or that real estate ever had a value worthy of a single thought.

The circus is in town today.

"Tickets, please."

The diameter of the fire-pot is greater at the top than at the bottom, preventing an accumulation of ashes around the most active part of the boiler.

## THE IMMIGRATION ACT

"An act respecting Immigration and Immigrants" is the title of a bill introduced by the Minister of the Interior and now receiving consideration in Parliament.

The bill is designed to cover the complicated immigration problem, to provide for the carrying on of immigration work and to define the circumstances and conditions under which immigrants shall or may come to Canada.

Beginning where immigration begins with the effort to persuade people to come to Canada, the bill authorizes the Minister to establish immigration offices and appoint immigration agents and officials within or outside Canada and to make regulations defining the duty of such agents and officials.

The bill deals also with the transportation of immigrants to Canada and provides against the over-crowding of ships by specifying the maximum proportion of passengers to the size of the vessel. Each passenger on such vessel is to have not less than twelve clear superficial feet on the lower or platform deck of the vessel and the number on board including the crew must not exceed one for every two tons of the vessel's tonnage.

On arriving at a Canadian port of entry the master must deliver to the immigration agent at such port a report in the form specified by the Act of the number of immigrants aboard and no passenger may leave the vessel until permission is given by the agent. A report must also be produced by the medical officer of the vessel regarding the health of the passengers and in case this is not satisfactory the agent may have a medical inspection made before the passengers leave the vessel.

It is also provided that as a condition to enter Canada immigrants shall possess money to a prescribed minimum amount.

"If any contract is made or any bond or note given by an immigrant, before leaving any place outside of Canada for Canada, to repay in Canada any sum of money advanced to him for or towards defraying his passage money, or towards defraying any other expense attending his immigration, such sum shall be recoverable from the immigrant in Canada, according to the terms of such instrument, by suit in any court of competent jurisdiction in Canada."

Provision is made for the exclusion of undesirable. The bill explicitly declares that:

"No immigrant shall be landed in Canada who is feeble minded, an idiot, or an epileptic, or who is insane, or has had two or more attacks of insanity within five years; nor shall any immigrant be landed who is deaf and dumb, blind or infirm, unless he belongs to a family who accompany

"him or are already in Canada and who give security satisfactory to the Minister and in conformity with the regulations in that behalf, if any, for his permanent support if admitted in to Canada."

For meeting the case of any whose undesirable qualities might not become apparent until after their entrance to the country it is further provided that: "Whenever in Canada an immigrant within one year of his landing in Canada, has committed a crime involving moral turpitude, or become incapacitated through sickness or accident to earn a livelihood, or become an inmate of a jail or hospital or other charitable institution, it shall be the duty of the clerk or secretary of the municipality forthwith to notify the Minister thereof, giving full particulars of such information, the Minister may on investigating the facts order the deportation of such immigrant, at the cost and charges of such immigrant, if he is able to pay, and if not then at the cost of the municipality wherein he has last been regularly resident, if so ordered by the Minister, and if he be a vagrant or tramp, or there be no such municipality then at the cost of the Department of the Interior. Every such immigrant shall be carried to the port from which he came to Canada at the cost of the owner of the vessel which brought him to Canada. In case he was brought into Canada by a railway company, such company shall similarly convey him or procure his conveyance from the municipality or locality whence he is to be deported to the country whence he was brought."

An further means of preventing the entrance of undesirables the following clause was proposed: "When so provided by any regulation of the Governor in Council, there shall be raised, levied or collected a duty payable by the master of every vessel arriving at any port in Canada from any port outside of Canada, with passengers therefrom; such duty shall not exceed two dollars for every passenger above the age of one year landed in Canada."

"2 The said duty shall be paid by the master of the vessel, or by some person on his behalf to the immigration agent at the port of entry."

"3 A similar duty may be imposed by the Governor in Council in respect of immigrants landed at any port in the United States and coming into Canada within three months after landing in the United States, in which case the duty shall be paid by the railway company bringing them into Canada."

"4 A similar duty may be imposed in the same manner in the case of immigrants arriving at Canadian ports destined for the United States, the tax to be refunded on their leaving Canada, provided they do so within one month after landing. The tax in all such cases shall be paid to the immigration agent at the port of landing by the master of the vessel bringing the immigrants, or by some person on his behalf."

Curiously enough the Opposition who have been declaring throughout the entire session that the immigrants to Canada have included an unusually large number of decidedly undesirable persons and who have pointed to the immigration system of the United States as the proper model for the Canadian policy, attacked this clause in the bill with such vigor that it was dropped. Yet the tax proposed as a measure of emergency by this clause is the fixed head tax collected automatically from every immigrant who lands in the United States. If it is proper and wise as Opposition members have contended for the United States as a source of revenue it is at least difficult to find the reason in refusing to permit the Government to apply this tax on immigration as a means of preventing or discouraging the entry of immigrants who might be distinctly undesirable but who might still not be excluded by any of the other requirements of the Act.

### THOUSANDS SENT INTO EXILE.

Berlin, June 16.—The Vorwarts says that the banishment of political prisoners from Russia to Siberia is being carried on with more than usual activity. During May thousands of exiles passed through Tscheliabinsk on trains over the Siberian railway.

Jews here deny the Russian official statement that Jews started the outrage at Bialystok by throwing a bomb. They say the truth of the story is that after the riots had continued for several hours a number of young Jews banded together for self defence. One band of eighteen barricaded itself in a house in the outskirts of the city and defended themselves with guns and revolvers when a mob of 300 attacked the house. The Jews fired until their ammunition ran out, after which the mob won a victory. They swarmed upstairs and butchered the eighteen defenceless Jews. They then went to a neighboring synagogue and killed Jews who had taken refuge there, murdering them before the altar. The preliminary report states that 20 are dead and 450 wounded.

### HELD UP THE SHIP.

Riga, Russia, June 16.—Six men who had taken passage on a steamer plying between Riga and Main, held up all the passengers and crew at the point of a revolver, robbed them and then compelled the captain to stop at a town half way between the two cities, where they looted a farmhouse, killing the owner and son. The bandits then escaped.

### REVENGED HIS BROTHER.

Tangier, June 16.—Kaid Dzas, governor of the Anghera tribe, was murdered yesterday by a brother of the former Governor Dailan, who was killed a year ago.

### MASSACRES CONTINUE.

Bielostok, June 16.—Despite the fact that military and police patrols were reported guarding all points of the city, renewed rioting broke out on Friday evening. Pillaging and murdering which began with the bomb throwing and massacre of Jews on Thursday is again in full swing. Forming in broken columns the mob is marching through the streets, looting to death any Jews they happen across. Already fifty Jews have been killed and more than 300 wounded. They are unable to enter the hospital because of lack of facilities. Another bomb was thrown at a passing patrol Friday killing one and wounding many. The perpetrators escaped.

### CREW MAY BE LOST.

Seattle, June 15.—The schooner Arlue is burning 35 miles off Destruction Island and according to Capt Buggell, of the steamer Assumption, the Pacific Company liner, it is unlikely the crew will ever be heard from. Budgett thinks the crew was blown up in an explosion which caused the fire.

### WANT DOWIE DEPOSED.

Chicago, June 16.—Before the present hearing in the Federal courts for the possession of Zion City and its industries is completed. An effort will be made by Overseer Voliva and his friends to have Dowie deposed as first apostle.

## That big feed door—

Easy to feed this right furnace,—rough that wood, big coal, anything it ought to burn, —door's made extra size for just such deep cheap fuel. Ash pit is easy to clean out, won't get choked every few hours—always ample draft space under grates.

## Oxford Furnace

Doors made to fit tight—gas and dust proof. Made, too, with hinges that won't sag, latches that won't break, —doors made slam-proof, almost 'fool-proof.' Everything about this right furnace is common sense and experience—built specially to suit Northwest needs. You know no furnace that costs so little to run. That's because combustion is perfect,—the grate bars assure that. Heats up quick, because fire travel is all one way. Heats most, because fire-walls are corrugated.

### BEWARE OF "WOODEN NUTMEGS."

THIS is an age of imitations! The symbol of the period should be the "Wooden Nutmeg."

Every sincerely good and reliable article of commerce has today a score of deceptive substitutes poaching upon its market. And, if the substitutes were as good as the originals they would not need to imitate the outward appearance of these originals, but could create a market of their own, on merit.

The Maker of a sound, and reliable article makes it sound and reliable so as to deserve, and hold, a future market.

The Maker of a substitute for that article makes it for present profit only—to trade upon the goodness of the original.

He has nothing at stake for the future, and his policy is to give you the shell without the kernel—the appearance without the value.

Some Shoe Retailers prefer selling "long-profit" shoes to selling "The Slater Shoe" which is price-controlled by the Makers.

But,—don't forget that the Slater Shoe is priced by the Makers to prevent your being over-charged when you buy them.

Look for the Slater frame and the Makers' price, \$4.00 or \$5.00 on the lining.

### SOCIAL

Toronto Saturday Night: A luncheon at which Mrs. Frank Oliver entertained on Friday was in special honor of Mrs. Zack Wood, of Dawson City, who with Colonel Wood has been at the Russell for a week, and during her short stay in town was the "raison d'être" of several little gatherings. Mrs. Oliver's guests included Mrs. A. B. Ayleworth, Mrs. Graham, of Texas, Mrs. Roy of Edmonton, Mrs. H. A. Bate and Mrs. Robt. Pringle of Cornwall, Mrs. Roberts-Allen, Mrs. Sedgewick, Mrs. R. L. Borden, Mrs. Thomas Gibson, and Mrs. Thompson of Fredericton, N. B. The table had for decoration dainty pale pink roses in combination with feathery ferns.

Mr. and Mrs. Wm. Sugarman left last week for Toronto where they will spend the summer. Messrs. Toichard and Vrooman will occupy their residence on Sixth street during their absence.

### TEMPERANCE RALLY

A large crowd gathered at the Temperance rally yesterday afternoon in the Baptist church. The Rev. Mr. Grant was chairman. He called upon Mr. J. P. Fowler, of Wetskiwin, to give the first address. He advocated that temperance should be taught more in our public schools than is provided for in the present program of studies. Rev. Thos. Powell made a rousing address in which he scored the electors of both parties because they thought more of party advantage than moral form and held the licensee equally culpable with the licensee for the evils of the liquor traffic.

The last address was given by Rev. A. R. Aldridge, of Fort Saskatchewan. He made a strong plea for total abstinence, basing it upon scriptural authority, science, experience and common sense.

It is the intention of the Royal Templars of Temperance to begin an active campaign to increase their membership by volunteers accepting the pledge of total abstinence.
